Our Team:

We have recruited a team of industry experts in our organization. Our employees include highly qualified personnel including the engineers and researchers, who belong to different fields and areas of work. These professionals deliver us their valuable experience in catering to the varied requirements placed by the clients. Our professionals work as a cohesive unit and ensure that all the projects are timely completed.

Pre Sales Support:

ALPHA POWER SYSTEMS will help in planning your requirements related to power conditioning and do the site study and recommend you the right UPS / INVERTER systems. Being an expert in power electronics, our team of engineers will be able to suggest the most appropriate and cost effective solutions by thinking from customer side.

Presales Services:

- ❖ Site inspection and load Study
- ❖ Grid power capacity.
- ❖ Selection of products.
- ❖ Power requirements and Product rating requirement.
- ❖ Cable sizing.
- ❖ Coordinating with Interiors, Electrical contractors to position the product in a right place.

For further information on the Presales Services, kindly call us or email us at

E-Mail: info@alphapowersystems.co.in ,
alphapowersystems.dgl@gmail.com

Website: www.alphapowersystems.co.in

Installation & Commissioning:

- ❖ Our delivery team has a network for on door delivery, off door and positioning the product.
- ❖ Installation has to be done only by **ALPHA POWER SYSTEMS** Engineers
- ❖ Commissioning & Servicing are provided by **ALPHA POWER SYSTEMS**.
- ❖ Our equipment's will carry a user manual, which contains start-up procedures.
- ❖ Necessary training will be provided to the concern persons for a smooth operation and usage.

After Sales Services:

Customer satisfaction is the core competence, at **ALPHA POWER SYSTEMS** after sale service will be given the top priority. Our products carry a warranty of TWO YEAR from the date of dispatch. Warranty is against any manufacturing defects. We will replace total unit under warranty period. All service canterers are well equipped with sufficient spares.

Our service team consists of experienced and highly professional Engineers who are in regular touch with our customers through preventive maintenance at regular intervals. We provide 24 x 7 x 365 support for all critical mission applications which ensures maximum (99%) availability of the product. In case of non-serviceability of product standby product will be provided to avoid down time.

AMC (Annual Maintenance Contract)

Annual Maintenance Contract will be taken for our products after warranty period. We do preventive maintenance at regular interval to avoid break down maintenance and to keep your equipment at the level of perfection you want and expect, automatically without you have to remind us. Comprehensive Annual Maintenance contract will also covers spare parts and in case of any failure spare parts will be replaced at free of cost. We do take AMC of third party UPS/ Inverter also after inspection by our Engineers.

Give us the opportunity to help to solve your power problems.
